Technical Data

Name	Value	Method
Basis	Mineral Oil	
Colour	light brown	
Scent	vanilla	
Relative density at 20°C	0,700 g/ml	
Temperature resistant	-50-+200 °C	

WITH

WITHOUT

Applications

Spray on battery poles, screws, bolts, nuts, nails, antennas, electrical connections, plastic and metal parts.

Usage

The aerosol should have room temperature. Best processing temperature 5 to 30°C. Before use, shake the aerosol. Apply multispray in the desired quantity. The optimum lubrication is obtained after evaporation of the solvent.
