Description du produit

BIZOL Technology ATF CVT is a high-performance automatic transmission fluid developed specially for the latest generation of Continuously Variable Transmission (CVT) gear boxes. Selected base oils and a well-adjusted additive package protect against foam formation, which is very important for CVT gear boxes. The product has excellent anti-aging and anti-oxidation characteristics. **BIZOL Technology ATF CVT** is suitable for the use in Autotronic gear boxes of the Mercedes A-and-B Class. It is also applicable in many variable automatic transmissions of different manufacturers, among others in Audi Multitronic.

Huile de base

HC-Synthetic
