Applications

Spray on a clean cloth and apply on dashboards, bumpers, plastic parts, vinyl parts, spoilers, trims.

Usage

The aerosol should have room temperature. Best processing temperature 5 to 30°C. Before use, shake the aerosol. Apply on a dry, clean cloth and distribute evenly over the surface to be treated. Then, polish with a dry cloth until a gloss has been achieved. Avoid contact with the steering wheel and operating pedals in view of reduced grip.
