## NEWS

How come you decided to join the Berlin Marathon?

Qin Yan: I have visited the BIZOL booth at Automechanika Frankfurt in September. The Berlin Marathon happens right after. This will be my 2nd marathon; the first one was in Wuxi in March 2015. As preparation I trained and took part in the 11<sup>th</sup> China Business School Gebi racing in May earlier this year. The Berlin Marathon was right after Automechanika and being such an important international event, we could not miss it.

What are your personal expectations for the Marathon. How long have you trained?

Qin Yan: I finished my first Marathon in 3 hours and 34 minutes in Wuxi China in March 2015. I will try to keep the same pace as in Wuxi. I started training in June 2014. It is quite a tough training, every month I run 300 Kilometers. Luckily, I am running mainly with my EMBA schoolmates which help me greatly.
